Public Health law 356 provided for the Board of Supervisors to serve as the County Board of Health to oversee Public Health activities as it does now. Ms. Beer thanked the Board for their continued support.

Mr. Harvey, Director of Planning, informed the Board that the 6th annual local planning and zoning officials training workshop will be held on Wednesday, June 22, 2016, at the Yates County Building.

Chairman Marren talked about his time at the NYSAC Board of Directors meeting. They discussed many topics of interest including, but not limited to, 9-1-1 fees and health care for retirees, and Simmons Recovery.

Supervisor Russell offered the following resolution and moved its adoption, seconded by Supervisor Singer:

**RESOLUTION NO. 389-2016
RESOLUTION OF SUPPORT OF PROPOSED PAINT STEWARDSHIP
PROGRAM NEW YORK STATE SENATE BILL 4926C AND
ASSEMBLY BILL 6199C**

WHEREAS, It is estimated that New York State residents purchase over 39.2 million gallons of paint annually; and

WHEREAS, The United States Environmental Protection Agency estimates that ten percent of all paint purchased by consumers goes unused; and

WHEREAS, New York State municipalities spend an estimated \$3.1 million on paint management costs annually; and

WHEREAS, Bills S.4926C and A.6199C would establish a paint stewardship program aimed at minimizing the public sector's involvement in the management of post-consumer paint; and

WHEREAS, Said bills also detail agreements for the collection, transportation, reuse, recycling and/or environmentally sound disposal of post-consumer paint, and

WHEREAS, The programs detailed within the bills will be funded through fees paid by the producers/manufacturers of the product and the consumers through a paint stewardship assessment fee paid at the time of purchase; and

WHEREAS, A version of said bills was passed unanimously by the New York State Senate last year; and

WHEREAS, The Environmental Quality Committee has discussed the need for responsible and convenient collection, reuse, recycling and disposal opportunities for post-consumer paint materials and recommends adoption of this resolution; now, therefore, be it

RESOLVED, That the Ontario County Board of Supervisors recognizes the importance of manufacturers' responsibility through the entire life cycle of a product and supports extended producer responsibility efforts; and further

RESOLVED, That the Ontario County Board of Supervisors calls on State lawmakers to help alleviate the financial and administrative burden on municipalities who are dealing with paint management efforts, by supporting the referenced bills that create extended producer responsibility in the environmentally sound management of post-consumer paint products; and further

RESOLVED, That the Ontario County Board of Supervisors offer their support of New York State Senate Bill 4926C and New York State Assembly Bill 6199C; and further

RESOLVED, That certified copies of this resolution be sent to Department of Finance, Governor Andrew Cuomo, Senate Majority Leader John Flanagan, Assembly Speaker Carl Heastie, Assembly Minority Leader Brian Kolb, Senator Michael Nozzolio, and Senator Rich Funke, and Inter County Association of Western New York.

Adopted.

Supervisors Helming, Hicks, Gallahan, Lightfoote, Marshall, and Wickham wished to go on record as voting "no" on Resolution No. 389-2016.

Mr. Young, Deputy County Administrator, talked about the background of the Bills in the Senate and Assembly. Mr. Young also noted that NYSAC and Senators Nozzolio and Funke support the bill, but Assemblyman Kolb does not as this would be an unfunded mandate for businesses. Paint manufacturers would have to submit plans and a fee to comply with these bills. There would also be a \$.75 user fee for consumers when purchasing gallons of paint.

Supervisor Wickham doesn't believe that recycling should be done through taxes and fees on consumers.

Supervisor Singer sees this as a way to help offset the cost to the counties of providing household hazardous waste days to properly dispose of paint now.

Supervisor Helming doesn't want this recycling program to end up like the electronic recycling program. She doesn't believe the program will be effective.

Supervisor Russell stated that with e-waste there was a cap on what could be brought back. There will be no cap on this bill.

Supervisor Gallahan cannot support this likening it to the fee placed on snowmobile registrations to help maintain the trails. A portion of these fees have not gone to maintaining the trails as Albany has taken a portion to support the general fund for their usage.

Supervisor Green noted that the 9-1-1 surcharge fees are also going into the general fund when they shouldn't be.

Supervisor Venuti supports this resolution because the industry supports it and it is a small fee to take care of the paint correctly.

Supervisor Russell offered the following resolution and moved its adoption, seconded by Supervisor Baker:

WHEREAS, The County has proposed new contract terms for the 2016/2017 season which will include a one year contract with an increase in the base contract rate from \$5,342.67 per mile to \$5,500.00 per mile, a 2.94% increase; and

WHEREAS, The County has worked with the town supervisors and town highway superintendents to develop and evaluate a formula that can be applied to each town's snow and ice removal costs from 2010 through 2014 (five years) to provide a cost per mile based on town expenditures; and

WHEREAS, The results of the five year analysis of snow and ice removal costs for each town has been completed; and

WHEREAS, The outcome of the analysis of town expenses justifies, in some instances, an additional one-time payment based on 75% of the deviation of particular towns' five year average of expenses and the average five year expenses for all towns for a total amount not to exceed \$62,853.52; and

WHEREAS, The Public Works and Financial Management Committees recommend adoption of this resolution; now, therefore, be it

RESOLVED, The Ontario County Board of Supervisors hereby authorizes a contract with each town for removal of snow and ice from County roadways at a rate of \$5,500.00 per mile; and further

RESOLVED, The Ontario County Board of Supervisors hereby authorizes additional payments as set forth below based on each town's deviation as described above:

RESOLVED, That certified copies of this resolution be sent by the Clerk of this board to the Department of finance and the Towns having agreements.

Adopted.

Supervisor Hicks wished to go on record as voting "no" on Resolution No. 425-2016.

Supervisor Evangelista appreciates all the work that went into developing a new formula for snow and ice removal. The base rate has increased from last year and some towns are getting and extra lump sum due to those towns exceeding the average costs over the last five years.

Supervisor Hicks also appreciates all the work done on the new formula, but she will be voting no as her Board has concern with the parts of the formula.

Supervisor Russell offered the following block of three resolutions and moved its adoption, seconded by Supervisor Vedora:
